About Valentino Group

Valentino Gress began its journey in 1989 under Toko Cahaya Harapan, originally operating as a distributor of ceramic tiles from various brands. Over the years, it evolved into a principal brand specializing in homogeneous and porcelain tiles, now operating under PT Cahya Lestari Permai Abadi.

What sets Valentino Gress apart is its dedication to curating only the finest materials from trusted factory partners both domestically and internationally. Through a rigorous selection process, the brand ensures every tile meets the highest quality standards, bringing elegance and durability to spaces across Indonesia.

Valentino Gress is not only focused on delivering exceptional products but also prioritizes outstanding customer service. By seamlessly combining superior product quality with reliable service, the brand builds trust and long-term relationships with its customers.

Vision

To be the leading and most reliable supplier of homogeneous and porcelain tiles in Indonesia.

Mission

Valentino Gress is committed to building long-term relationships with customers across Indonesia by consistently delivering the finest quality products and services.

ADVANCE DECORATIVE SURFACE

Polished

Glazed Polished

The purest reflection of refined brilliance.

Radiant Gloss embodies the essence of high-shine surfaces — clean, clear, and confidently luminous. Using precision glazed polished technology, it delivers a mirror-like finish that enhances both space and light.

Every detail is sharpened by reflection, making this surface ideal for interiors that aim to feel expansive, modern, and timeless.

Diamans Surface

The latest surface innovation by Valentino Group — inspired by the strength and brilliance of a diamond.

Not just glossy. Not just tough. DIAMANS is scratch-defiant, life-proof, and built to shine without compromise.

From busy homes to bold commercial spaces, it stands flawless — beauty that's made to endure.

Satin & Satin Diamans+

Satin - Where touch becomes part of the design story. The satin-smooth finish invites your fingertips while resisting smudges and fingerprints — delivering effortless elegance that stays pristine.

Satin Diamans+ goes further: satin beauty, engineered for the real world. Proven to endure up to 6,000 abrasive cycles, it balances tactile comfort with commercial-grade durability.

Matt

Matt

Soft, warm, and eternally elegant, this finish offers a muted, diffused look that minimizes reflections, bringing out the natural depth of the material. A perfect balance between modern simplicity and classic charm, ensuring your space remains effortlessly stylish.

Matt Textura

More Than Matt
Matt Textura brings a soft, structured finish—subtle to the eye, yet alive to the touch. Each ridge and grain adds quiet character, grounding the space with natural honesty.

Matt Carving

Natural veins, sculpted with light.

With engraved linear reliefs that trace the natural flow of stone veins, Terrá Linea elevates Matt surfaces with precision-carved depth. Selective gloss on the recessed lines creates a subtle contrast — a refined interplay between texture and shimmer.

Every line isn't printed — it's crafted, giving the material a layered story that unfolds under different angles of light and touch.

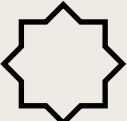

Matt Fusion

Where texture meets light — naturally refined.

Crafted with embossed granules and gloss-enhancing highlights, Matt Fusion brings out the depth and brilliance of natural stone in every detail. The surface captures light selectively across its raised texture, creating a play of Matt and shine — evoking the elegance of crystallized minerals formed deep within the earth.

TRUE VEIN TECHNOLOGY

Imagine cutting through a slab of natural marble—every layer reveals the same elegant veins, flowing seamlessly through its core. That's True Vein. Unlike ordinary sintered stone that only looks real on the surface, Valentino's veins run deep, just like nature intended.

Authentic. Enduring. Unmatched.
